MainStream on Winning Team for \$550M VA Small Business Contract

MainStream Global Solutions, LLC supports Veterans Affairs and this Award through BVTI's Prime Contract

HAYMARKET, VIRGINIA – June 10, 2015 -- Best Value Technology, Inc., a provider of professional services and IT solutions to the Federal Government, has been awarded a prime contract for the Department of Veterans Affairs (VA) Agile Delivery of VA Imminent Strategic Operations Requirements (ADVISOR) Indefinite Delivery/Indefinite Quantity (IDIQ) contract vehicle. The ADVISOR IDIQ is a department-wide vehicle to provide a broad range of general management and business services and solutions in support of VA program offices, including the Office of Policy and Planning (OPP), their customers and other VA organizations. Under this multiple award IDIQ, which has a ceiling value of \$550M over five years, BVTI and their teammates including MainStream, will provide expert contractor support and critical market-based skills in three Service Groups: Oversight, Improvement, and Training. The BVTI team was competitively selected as one of 12 prime awardee teams.

“It is our honor to be selected as a prime for this vehicle and to work with an agency so committed to supporting the veteran community” said Dan Zimmerman, President of Best Value Technology, Inc. “BVTI is grateful to have an opportunity to support the VA mission, and to facilitate VA’s ability to assist our servicemen and servicewomen. We are extremely to have Veteran Owned Small Business, MainStream Global Solutions as a strategic sub-contractor team member on the BVTI Team.”

MainStream’s President, Al Horowitz commented, “As a Veteran Owned Small Business that has deployed consultants in theater, being involved in this strategic VA wide contract is the best way that we can apply our skills and experience to help veterans and their families. We are thrilled to be working with BVTI and the VA.”

###
