MainStream Global Solutions Awarded GSA IT70 Schedule Contract

MainStream Global Solutions, LLC IT Professional Services Now Available on Government-Wide Contract

BETHESDA, MARYLAND – July 6, 2015 -- MainStream Global Solutions, LLC (MainStream), a leading provider of professional services to the Federal Government, has been awarded a small business prime schedule contract through the General Services Administration's (GSA) IT70 Professional Services contract. MainStream's contract, GS-35F-403CA, is under GSA's Special Item Number (SIN) 132-51 for IT Professional Services and can be viewed at: <http://www.gsaelibrary.gsa.gov/ElibMain/contractorInfo.do?contractNumber=GS-35F-403CA&contractorName=MAINSTREAM+GS%2C+L.L.C.&executeQuery=YES>. MainStream is already a small business prime contract holder for GSA's MOBIS contract, another government-wide professional services contract that provides Management Consulting services. GSA's IT70 contract is one of the Federal Government's largest and fastest growing contracts. In FY14 the Federal Government awarded over \$14B in contracts through the GSA IT70 contract.

The award of the GSA IT70 contract is aligned with MainStream's focus on increasing performance and sustaining gains in clients operations and a recognition that information technology is a critical component within federal government operations. Over the last several years MainStream has grown capabilities and expertise in IT professional services through a growing team of IT subject matter experts,

MainStream's President, Al Horowitz commented, "As a Veteran Owned Small Business that has a proven track record of helping our federal clients increase performance and sustain gains in operations, being awarded a GSA IT70 schedule contract provides a strategic, flexible and easy to use contracting vehicle for our clients to access our growing IT professional services capabilities. We are thrilled to be a Small Business prime contractor for IT professional services for all of the federal government."
