**MainStream Sponsors the Aerospace Heritage Foundation of Utah's 2013 Commanders Cup**  
*2013 marks MainStream's second consecutive year sponsoring the event benefiting the Hill Aerospace Museum*

**Bethesda, MD (August 29, 2013)** – MainStream Global Solutions, LLC (“MainStream GS”), a leading management consulting firm focused on increasing performance and sustaining gains for public and commercial sector organizations, is a sponsor of the 2013 Commanders Cup charity golf tournament sponsored by The Aerospace Heritage Foundation of Utah. The event is being held on September 3<sup>rd</sup> at Hubbard Golf Course in Layton, UT.

The Hill Aerospace Museum is the beneficiary of 2013 Commanders Cup charity golf tournament. The Aerospace Heritage Foundation of Utah (“the Foundation”) is a non-profit organization that was founded to provide capital support for Hill Aerospace Museum in Roy, Utah. This support helps provide for the museum’s facility improvement, museum expansion, and projects for which Air Force funding is not available. The Foundation provides support for the museum in various ways, including the location and acquisition of artifacts — including vintage aircraft — for restoration and display. The Foundation works closely with the museum staff and volunteers to achieve many other improvements that help the museum present the history of the United States Air Force and Hill Air Force Base.

MainStream’s sponsorship of the event demonstrates the company’s continued commitment to the Hill AFB community as well as its own mission of increasing performance and sustaining gains for customers. “MainStream remains committed to supporting the Air Force Sustainment Center’s production management system to increase performance and sustaining gains across all Air Force depots” comments John Maher, Vice President, Programs of MainStream GS.
